**6-PORT RAPID
FIELD CHARGER**

AVAILABLE: Q1 2025

6-PORT RAPID FIELD CHARGER

Experience unmatched convenience with the new ECHO LC-56V4A6 6-Port Rapid Field Charger, designed for commercial landscapers who need to stay powered up and on the move. This versatile charger allows you to charge up to six ECHO 56V batteries simultaneously from a single outlet, ensuring you're always prepared for the next job.

The charger also doubles as a portable battery transport system, making it easy to move your batteries between the charging station and your truck or trailer. The locking lid provides added security during transit, while wheels and a folding handle enhance portability.

For even greater convenience, an optional trailer or wall mount is available, allowing you to securely lock the charger in place, so it's always where you need it. On board LED diagnostics keep you informed of your charging status, so you can focus on the job at hand.

HIGHLIGHTS:

- **SIMULTANEOUS CHARGING OF UP TO (6) ECHO 56V BATTERIES**
- **ON BOARD LED DIAGNOSTICS TO MONITOR CHARGE STATUS**
- **LOCKING LID KEEPS BATTERIES SAFE AND SECURE**
- **HEAVY-DUTY WHEELS AND A FOLDING HANDLE FOR EASY PORTABILITY**
- **OPTIONAL TRAILER/WALL MOUNT FOR ADDED SECURITY**
