HANDHELD  
PRUNING SAW

AVAILABLE: Q1 2025

# DHS-3006

## HANDHELD PRUNING SAW

Tackle pruning and small limbing tasks with precision using the DHS-3006 Handheld Pruning Saw. Powered by ECHO's 56V Pro-Grade Battery System, this 6-inch saw delivers superior cutting performance with its 80TXL cutting system, designed for efficient operation and reduced vibration.

The tool-less tensioner ensures quick and easy chain adjustments, and chain guard provides added control and safety. Featuring a patented quickdraw harness ring, the DHS-3006 offers easy, secure access when you need it most. Available as a bare tool or kitted with a 2.5Ah battery and top-mount charger, this saw is a must-have addition to any homeowner's or professional's tool arsenal.

### HIGHLIGHTS:
