## LIMITED EDITION HANDHELD BLOWER

Designed with homeowners in mind, the Limited Edition DPB-2500LE Pink Handheld Blower features a robust brushless motor that delivers 549 CFM at 158 MPH, providing the ultimate blowing force for clearing grass, leaves, and fall debris. Equipped with a turbo button for enhanced performance and a variable-speed throttle with cruise control, it offers precise control over every job.

This special edition blower isn't just about power—it's also about purpose. In partnership with Susan G. Komen®, ECHO proudly supports breast cancer research and awareness. Choose this pink powerhouse and join us in making a difference to power on for a cure.

Regardless of unit sales, ECHO USA will donate \$20,000 to Susan G. Komen® in 2024.
