DPB-2610

HANDHELD BLOWER

Unleash the power of the ECHO DPB-2610 Handheld Blower, delivering an impressive 549 CFM and 158 MPH airflow—engineered specifically for professionals who demand top-tier performance. Equipped with MAXOUT® technology, this blower delivers maximum power output for the duration of the battery charge, so you can tackle the toughest jobs without compromise.

The one-piece blower tube with a metal wear ring enhances durability, while the locking turbo button maintains maximum power for sustained, heavy-duty work. Paired with a 5Ah battery and rapid charger, the DPB-2610 is the ultimate tool for professionals who need reliable, powerful performance on the job.

HIGHLIGHTS:

The image shows three trapezoidal icons representing usage levels: "MODERATE" (white), "PRO" (white with black outline), and "PRO X" (black).

USAGE MODERATE PRO PRO X™
