# DPB-7700T BACKPACK BLOWER

The DPB-7700T Backpack Blower is a powerhouse designed for commercial professional landscapers. With 850 CFM and 220 MPH of blowing force, it tackles tough tasks with ease. The LCD screen on the handle provides real-time battery charge status, power level, and active battery ports. Powered by the ECHO 56V Pro-Grade Battery System, all tools use the same powerful batteries, simplifying your workflow and boosting efficiency.

A self-closing lid ensures water resistance, while the patented metal wear ring on the end pipe enhances durability. For added convenience, a rearward-facing work light improves visibility in low-light conditions. The blower comes kitted with three 8Ah batteries, offering extended run time and reliability for demanding jobs.
